Premier Sires® technician service prices

Genetics pricing effective 1 April 2021.

Customers are charged per 100 inseminations or part thereof, depending on the number of inseminations to Premier Sires. As described in the tables, the average cost of inseminations decreases as the number of cows being put to AB increases.

Number of cows	Daughter Proven (per insemination)	Forward Pack (per insemination)	A2/A2 team* (per insemination)
1-100	\$24.40	\$27.40	\$27.40
101-200	\$23.90	\$26.90	\$26.90

* The Premier Sires A2/A2 team is comprised of genomically-selected bulls only.

Premier Sires® pricing examples

Forward Pack

Forward Pack delivers the best of Daughter Proven, Genomically Selected, and Spring sires. Forward Pack is unavailable in conjunction with a Daughter Proven plan for the same breed and animal group.

As the number of inseminations increase, prices move down the graduated price scale, and each insemination is charged at the appropriate Daughter Proven or Forward Pack or A2/A2 rate.

Example 1: Your 100th and your 101st Forward Pack insemination would be charged at \$27.40 and \$26.90 respectively.

Daughter Proven

Example 2: If you were to have 320 Daughter Proven Premier Sires Technician Service inseminations, you'd be charged \$7626 in total, which over 320 cows is an average of \$23.83 per cow.

Number of inseminations	Price per insemination	Total cost for each hundred
1-100	\$24.40	\$2440
101-200	\$23.90	\$2390
201-300	\$23.40	\$2340
301-320	\$22.80	\$456

Total cost: \$7626

Average cost per insemination for 320 cows: \$23.83

Wagyu semen price - First Light contract

\$17.30 per straw (GST excl.)

For a non-contract Wagyu option, see this year's Alpha catalogue, published April 2021.

Wagyu Semen - First Light Contract

Type of Calf, 2022-borns	Spring calving	Autumn calving
Fully reared, male or female, at least 90kg liveweight	\$515 (+ \$2 per kg above 90kg)	\$565 (+ \$2 per kg above 90kg)
Partially reared, male or female, 10 to 30 days old	\$150 (+ \$7 per kg above 37kg)	\$200 (+ \$7 per kg above 37kg)

Farmers who re-sign the contract for a second, or subsequent, consecutive season receive an additional (re-sign bonus) payment of \$40 per AI calf on top of the purchase price.

Conditions apply including minimum insemination of 10% of herd size or 40 straws, whichever is greater. For 2021-born calves (i.e. contracts already in-place), 2021-born calf prices apply.

InvestaMate Discount

Percentage discount	Year of qualification	How/When applied
3%	First	At the time of charging on purchases the following season.
5%	Second	At the time of charging on purchases the following season.
10%	Third and subsequent	At the time of charging on purchases the following season.

You will move up or down the InvestaMate scale each season depending on whether the 95% threshold was met in the previous season.

Straw purchases may comprise any combination of Premier Sires or Alpha straws. Premier Sires Fresh Sexed and Sire Proving Scheme inseminations contribute to the 95% threshold of (InvestaMate) qualifying purchases.

'Qualifying' animals are female animals born prior to 31 December 2019 in the 'herd' at the time of October charging. 'Herd' is defined as the 'whole herd' group in MINDA. The InvestaMate discount does not apply to Premier Sires Fresh Sexed or Sire Proving Scheme products (i.e. InvestaMate discounts only apply to Premier Sires Daughter Proven, Premier Sires Forward Pack, Premier Sires A2/A2, and Alpha products).

Volume discounts (1-10%) may apply.

For efficiency, orders are packed and dispatched according to technicians' runs. This is to ensure orders arrive on-farm for planned start of mating. Charging occurs in the month of dispatch and therefore, at times, customers may be charged in the month prior to starting AB.

Cancellations

Alpha orders cannot be cancelled within 30 days of the AB start date, as per LIC's Conditions and Service Rules. Alpha orders altered after the dispatch date may incur a \$30.75 handling fee.

Dispatches

All Alpha Nominated DIY orders will incur a \$30.75 dispatch charge.

Alpha Volume Discounts

Discounts apply to all Alpha product types and will be applied according to the volume of your order at the time of dispatch.

To obtain the best discount possible, it's recommended customers order all their Alpha semen to be dispatched at the same time. Orders are packed and dispatched according to technicians' runs to help ensure orders arrive on-farm for planned start of mating.

Charging occurs in the month of dispatch and therefore, at times, customers may be charged in the month prior to starting AB.

Multi-herd AB

If you have a majority or a 50/50 interest in more than one herd, then you may qualify for Multi-Herd AB pricing for Premier Sires. Customers who qualify will be able to combine the total number of cows across their herds for the purpose of the Premier Sires graduated scale. At an individual level, herds must achieve 95% of their AB with LIC to maintain individual InvestaMate discounts. To confirm whether you qualify, and to get a copy of terms and conditions, discuss Multi-Herd AB with your LIC representative.

Semen storage: \$0.55 per straw per year, minimum annual charge \$55.

Semen dispatch (LIC semen): DIY customers are charged a dispatch fee of \$30.75 per order, charged direct to the client.

Semen dispatch (other supplier's semen, charged to supplier who may on-charge):
Dispatch fee \$95.40 per order; late dispatch fee \$53.30 per order (semen received within 30 days of required date, or after the customer/technician bank has gone in to the field).
NB: If semen is specially freighted or delivered to the customer direct, the actual cost will be charged should it exceed \$20.

DIY bank test-weigh: \$32 per bank. Banks less than four years old should be tested once every two years. It is recommended banks that are older than four years be tested annually. Testing does not guarantee the bank during the season, but it does provide an indication of the bank's reliability.

Transfer fee: Handling fee of \$30.75 per order for semen in storage that is transferred from one participant code to another.

Inter-island transfer fee: \$38.50 minimum. Charged to the straw owner and based on transport requirements (i.e. when customer-owned straws are freighted between the North and South Islands outside of normal LIC deliveries).

Payment of accounts

Payment terms

For existing customers there are three methods of payment for all services, products and solutions supplied: (i) direct debit; (ii) cash incl. cheques; (iii) electronic banking.

For new customers, a direct debit is required to be set up with LIC and LIC Automation.

The total account balance is payable in full on the 20th of the following month, unless prior arrangements have been made for a payment instalment option. The payment instalment options are:

- Artificial breeding products Premier Sires, Alpha semen, Alpha inseminations and all heat detectors: Three equal monthly instalments at a 7% annual interest rate.
- New GeneMark Whole Herd customers: 12 months interest free; 24 months interest free, or; 36 months (24 months interest free plus 12 months interest-bearing) on the cost of DNA profiling. These payment terms exclude TSU, A2, and BVD testing.
- Protrack: For the 12 month payment plan, terms are offered interest-free. For the five-year payment plan, terms are interest-bearing. Purchases are subject to a 20% deposit, payable upon signing (with the exception of the five-year, interest-bearing, term).

Interest rates apply to instalment options, and rates will be reviewed on a regular basis.

LIC lending criteria apply.

A charge of \$1.95 per month is charged to customers who elect to continue to receive paper invoices.

Overdue accounts

A penalty charge will be made on any outstanding balance where the payment obligations have not been met. Interest rates will be reviewed on a regular basis.

Additional charges

Certain locations or timing of services, or non-dairy herds may incur additional charges.

All prices are exclusive of GST.
